# THE KAT

1962

Published by the Senior Class of  
Kennedale High School  
Kennedale, Texas

# DEDICATION

The 1962 edition of THE KAT is dedicated to Mrs. Marijon Rutherford.

To you, Mrs. Rutherford, goes our thanks for the many hours spent in making our school a more educational and more enjoyable one. We, the students, have had many trials and tribulations during our high school days, but your constant patience and understanding have helped us overcome many of them. You have helped many students along the road of life, and we affectionally and gratefully dedicate this annual to you.

## SUPERINTENDENT'S MESSAGE

The dearest treasure that increases as the years roll by is the fond memory of our friends whom shall live forever in our hearts and minds.

In the future years, this Yearbook will serve as the priceless treasure-chest of living memories, and when we turn through the pages, we'll live again in fondest recollections those hours we once knew.

Barton Horton

## Planning ahead for your electrical future

How many new uses for electricity will you enjoy 10 or 15 years from now? No one can tell you today, but men are at work in the laboratories developing new electrical conveniences you will use in the years to come. And there will be plenty of electricity to operate these electrical appliances of tomorrow. Business-managed electric companies, like Texas Electric Service Company, constantly plan and build ahead to keep your electric service supply plentiful and dependable . . . ready when needed for progress and for better living.
